

Pres message May

Welcome to spring! Or at least that's what the calendar says. The flowers are starting to bloom and the robins are no longer running around on ice but summer still feels a long way off.

Thanks to everyone who came to the April meeting. I think we all really enjoyed Kathy Wylie's presentation. She certainly does beautiful work. Inspiring!

Speaking of inspiring....Donna and Senora showed us how to make disappearing pinwheel and disappearing nine patch blocks at our Sit and Sew in April. What a great way to take simple blocks and make something that looks really complex! As always a great time was had by all. We'll have another Sit and Sew in the fall and would love to see you there.

Planning for the 2015 quilt show has started. Judy C will have the date for the first organizing meeting on Tuesday. Bring your calendars. As the saying goes, many hands make light work.

It's Quilter's Yard Sale time! Bring your sewing related, priced items to Tuesday's meeting and maybe take home some new to you treasures. Sharon M is in charge and would appreciate an email (sejmaguire@yahoo.ca) if you plan to participate. However, we are flexible so if at the last minute you decide you really can live without that (you fill in the blank!) bring it along.

We have some demos planned and also a brainstorming session on what you would like to see at guild for program. It's your guild so put your thinking caps on. Please consider sharing your talents with the group. If you aren't comfortable doing this on your own the program committee can help.

So, pack up your treasures, bring your mug and your ideas and we'll see you on Tuesday!
